City: State: Zip:

NEW RENTER: \*\* We must have the owner or owner's representative's written authorization to send a duplicate bill to a renter on record OR accompany this request\*\*

Please allow a minimum of 48 hours to submit a transfer request.

## NOTICE

### Changes related to billing for water and wastewater service for rental properties

Section 32 1 1001(1)(j)(l) of the Colorado statute provides that until paid, bills issued for water and wastewater service are a lien on the property receiving the services. Since the lien would directly affect the property, it is the District's intent to ensure that the property owner is aware of any matter which could affect the title to the property.

Therefore, **effective immediately**, the District will no longer provide direct tenant billing. All billing will be directed to the property owner. Absent other proof of ownership provided to the District, the bill will be sent to the person or entity shown as the owner in the records of the Douglas County Assessor's Office.

As a convenience, the District will, **upon written request by the owner or a representative of the owner**, send a duplicate to a third party, such as a renter. However, this will not relieve the property owner of the responsibility for the timely payment of all amounts due.
